SUMMARY

Computer Science graduate (B.E., 2026) and MERN Stack Developer Intern with hands-on experience building responsive web applications using React.js and integrating REST APIs. Comfortable collaborating with Git and GitHub in a team environment, with additional project experience in Python and Flask. Seeking an entry-level Frontend Developer role focused on responsive, user-centered interfaces.

EDUCATION

R L Jalappa Institute of Technology — Bengaluru, India
Bachelor of Engineering in Computer Science — **Dec 2022 – Jun 2026**

Seshadripuram PU College — Bengaluru, India
Pre-University Course (Class XI & XII) — **Jun 2019 – Jun 2021**

Jnana Ganga High School — Bengaluru, India
Secondary School (Class X) — **Jun 2019**

EXPERIENCE

Pentagon Space Pvt. Ltd. — Bengaluru, India
MERN Stack Developer Intern — **Jan 2026 – Jun 2026**

- Developed responsive web application interfaces with React.js as part of MERN stack projects.
- Integrated frontend components with backend services through RESTful APIs, connecting user-facing features to application data.
- Collaborated with team members using Git and GitHub for version control and code reviews.
- Improved usability through responsive layouts and considered UI design; contributed to frontend performance improvements.

PROJECTS

AI Text-to-Image Generator Website | *Python, Flask, Hugging Face API* — **May 2025**

- Built a browser-based application that lets users submit text prompts and view AI-generated images returned by Hugging Face diffusion models.
- Connected a Flask backend to the Hugging Face API and presented generated image results in the browser.

Diabetes Detection Using AI Breath Sensor | *Python, Machine Learning, Raspberry Pi, Fusion 360* — **Feb 2025 – Mar 2026**

- Built an AI-driven breath analysis system using gas sensors and Raspberry Pi to predict diabetes indicators.
- Designed and 3D-printed a custom sensor enclosure in Fusion 360 for hardware integration.

SKILLS

Languages	JavaScript, HTML5, CSS3, Python, C
Frontend & APIs	React.js, JavaScript, HTML5, CSS3, Responsive Design, REST APIs
Backend	Node.js, Express.js, MongoDB, Flask
AI / ML & Data	Machine Learning, Scikit-learn, NumPy, Pandas
Tools	Git, GitHub, VS Code, Linux, Fusion 360, Raspberry Pi, Canva
Soft Skills	Problem Solving, Communication, Collaboration, Teamwork

LEADERSHIP / EXTRACURRICULAR

College Fest – Volunteer, Event Management Team — Bengaluru, India
R L Jalappa Institute of Technology — **Oct 2025**

- Assisted in organizing and coordinating events during the annual college fest.
- Collaborated with the event team to manage scheduling, participant flow, and technical arrangements.
